

Jean-Pascal Bost, CEO EVADERIS

Jean-Pascal has 30+ years of experience. After participating in the launch of a software company, he worked for Bossard Consultants (now Gemini Consulting), then, he held several finance positions within international industrial companies: Schneider Electric (electric equipment), Juva Sante (healthcare products, organic food), and Carbone Lorraine (magnets) in the US. He joined the startup world, first at Crocus Technology then at McPhy Energy where he was involved in fund raising and IPO. He also led the incorporation of SATT GIFT (Alpes area TTO and incubator). Jean-Pascal graduated from ESSEC Business School, France.
