

Dr Olivier Vatel

Senior Vice President, CTO and Corporate Director

SCREEN Semiconductor Solutions Co. Ltd.

Olivier Vatel joined SCREEN Semiconductor Solutions in July 2014 as Vice-chairman for Technology of the US subsidiary at the time named DNS Electronics. He is now Senior Vice President, CTO and Corporate Director of SCREEN Semiconductor Solutions Co., Ltd. Before joining SCREEN, Olivier Vatel was Vice President at GLOBALFOUNDRIES. In this role, he did lead organizations with local and worldwide footprint in semiconductor engineering covering all aspects from technology development to manufacturing. His core competency is in unit process but Dr Vatel drove during part of his tenure the technology development organization in Fab8 – NY. Prior to joining GLOBALFOUNDRIES, Olivier Vatel spend 15 years in technical and management positions at Freescale semiconductor and its predecessor, Motorola's Semiconductor Product Sector. He has been associated with 300mm sites start-up in SC300 Dresden – Germany, Crolle2 Alliance Grenoble – France and GLOBALFOUNDRIES Fab8 Malta – NY USA. He holds a material science doctorate degree from the University of Aix-Marseille - France and did a post-PhD assignment in R&D center in NTT in Japan.
